We wil only be accepting digintal submissions. If you have hard copies please either have them scalled or carefully photograph your images to reproduce the image. **Images need to be a minimum of 1MB file size.** Screen shots from social media are too small and will not work. Senior Ads will require at least one photo as well as text to accompany that photo. Text can be any message you want to relay to your student. Please note, text is required in every senior ad.

Yearbook students will design our ad, please send only photos and text when given your private link. Payment can be made at the LC Business Office or made through their online payment option via LCTigers.com. Please make sure your words and photos fit the requirements for your size ad.
