- Class Info: Advisory is designed to support students and provide them with an adult advocate. If a student is having trouble getting the support they need, they can talk with me, and I will help them find the right resources. Also, parents please contact me at any time if you have questions about your student.
- We have many support options available for students at Rogers including the CHAS clinic, our academic support HUB program, and our guidance counselor center. We also have many specialists available to meet specific needs of students and families. Don't hesitate to reach out to any of these resources if you need support.
