## **CALL FOR RESOURCES CFR 2324-10** **CONTENT – AP Statistics**

Spokane Public Schools is looking for a High School AP Statistics core curriculum to be used in our dual credit College in the High School course for our secondary teachers and students. The curriculum needs to meet the expectations outlined by College Board. The curriculum will also need to meet the objectives outlined by Eastern Washington Universities MATH 121 course.

We would like to see what your standards-based program has to offer.

**The District expects the approved product would be in place for startup of the 2024-2025 school year.**

Elements Required:

- Comprehensive high school Statistics curriculum that includes engaging, interactive content on the following topics:
  - One Variable Statistics
  - Two Variable Statistics
  - Data Collection
  - Probability, Random Variables, and Probability Distributions
  - Sampling Distributions
  - Inference for Categorical Data
  - Inference for Quantitative Data
  - Inference using Chi-Square
  - Inference using Regression Models
- Content that is non-partisan, equitable, culturally responsive, and free of bias – perspectives and contributions from members of diverse groups are infused substantially, accurately, and respectfully; content is free of generalizations, stereotypes, and misrepresentations

Elements Desired But Not Required:

- In-chapter vocabulary/glossary and review questions
- Ability to distribute content in print and pdf or online format
- Easily accessible content for teachers and students.
- Ability to keep content up-to-date
- Teacher Resources for Lesson Planning

For other District requirements for consideration of adoption, please refer to these documents on the District Website, and return the VPAT questionnaire for electronic curriculum;
