VOLUNTARY PRODUCT ACCESSIBILITY TEMPLATE (VPAT) SHORT FORM

Our District places importance on evaluating the level of accessibility of software to individuals with various disabilities. The questions below are intended to understand your organizations efforts in this area and what accommodation our District may need to provide to our students if we move forward with your product. Spokane Public Schools looks to WCAG 2.0 AA standards for guidance (http://www.w3.org/WAI/).

1. Title of Proposed Resource:

2. Publisher/Vendor Name and Contact Information:

3. Is web accessibility actively being evaluated in your organization? Please explain briefly.

4. Do you have a plan for non-supported elements? Please explain briefly.

5. Has a third-party conducted an accessibility audit of your product? Please explain briefly.
